Subject: Meeing with Oxford, Perth and Middlesex county representatives

Nicole:

We have received a request to meet with several municipalities along the proposed HSR corridor. The CAOs would like to chat with us about our process and express the concerns they have received from council about impact to farm land etc.

I would like to go out and meet with them as soon as practical. Would it be possible for you to work with Lindsay to find a date and locate contact information for the CAO's of the rural municipalities in the analysis area. I would like to meet everyone as a group if possible with John/you to support. Also, a date at the beginning or end of the week would be handy (but not necessary) so I can take advantage of being in London to reduce travel.

Thanks
Jennifer
